NEWS RELEASE

National Challenge to Present at Anaerobic Digestion Workshop

Woodbridge, Ontario – March 2, 2006. National Challenge Systems Inc., a leader in the provision of vacuum truck services for the collection, treatment and disposal of organic and other non-hazardous liquid waste, is pleased to announce that its President, Mr. Douglas Carruthers will be presenting at the Anaerobic Digestion in Ontario Workshop to be held in London, Ontario on Saturday March 11, 2006.

The Anaerobic Digestion workshop is being held at the end of the Integrated Solutions to Manure Management Conference (<http://www.istmm.com/>) which begins on Thursday March 9, 2006. The Anaerobic Digestion workshop session will focus on practical anaerobic digestion issues for stakeholders, include presentations and allow for significant audience participation and discussion. The seminar is targeted to Canadian farmers, technology vendors, policy directors, and academics.

The conference will also have multi-ministry involvement including the Ministry of the Environment, Ministry of Agriculture-Food and Rural Affairs, Ontario Ministry of Energy, and Hydro One. Mr. Carruthers will be presenting at 2:15 - 2:45 on Saturday March 11, with an open discussion and question period to follow.

This press release is available on the Company's official on-line investor relations site for investor commentary, feedback and questions. Investors are asked to visit the investor relations section of the Company's website at http://www.nationalchallenge.com/NCS_Investor.asp . Alternatively, investors are asked to e-mail all questions and correspondence to Info@NationalChallenge.com where they can also request addition to the National Challenge investor e-mail list to receive all future press releases and updates directly.
